If you or I or any other man unaccustomed to drinking ginger should take that much at once it would kill us. We would be spt to have convulsions at first, followed by a com atose condition, in which state death would come."

"How much to make a man drunk?" "I have seen one man get drunk on four ounces, and then again I've seen a man who drank the same quantity have a sort of epileptic fit, lasting for several minutes."

"What effect will the drinking of ginger produce in the long run?" "It is far more injurious than whisky, and will kill a man who drinks it regularly in from two to three years' time. If you should hold a tablespoonful of ginger in your mouth a minute it would blister the inside coating of the mouth, and you can imagine

The trouble with them is the ginger drinking, for it ruins the digestion, inflames the stomach, and throws the whole system into disorder."

An ambitious young clerk in a New York lawyer's office lived frugaily and saved his money for several years. Then he fell in love, popped the question, and was accepted. Life assumed roseate bues and no man in New York was happier than he.
